REMARKS

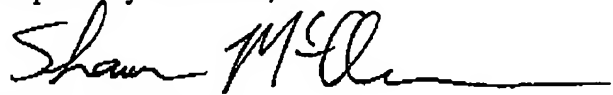

Applicant respectfully requests entry of this Amendment and reconsideration of the pending claims. Claims 14-51 are cancelled. New dependent claims 52-65 are added. Claims 1-13 and 52-65 are currently pending.

Applicant has amended many of the claims 1-13 to put them in better form, without overly affecting substance.

New claims 52-65 depend from claim 2, and are added to further define aspects of the invention. Applicant submits that the addition is a good faith attempt to comply with the restriction requirement, no new matter is added, and no additional searching should be entailed by their addition, as they are dependent claims.

Applicant respectfully requests that if the Examiner has questions involving the this amendment, the response to the restriction, or questions involving the prosecution of this case, that they contact the Applicant's undersigned representative at the telephone number below. Any additional fees for this Reply are hereby petitioned for, and the Director is authorized to charge such fees as may be required to Deposit Account 07-0868.

Respectfully submitted,
